REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "The injury sustained by [Claimant] is in the process of being resolved."

Amount in Dispute: \$2,100.00

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "The claimant was notified in January that radiculopathy was disputed. The provider was notified in the preauthorization letter that the dispute existed. Medical necessity for treatment is the only thing the preauthorization is based on, not whether the treatment is compensable. Compensability, according to the rule, is not to be considered when determining if treatment is medically necessary for the condition being treated. As a result, TASB feels our decision regarding services rendered by Pain & Recovery Clinic is valid and we are standing by that decision."

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.305 sets forth general provisions regarding dispute of medical bills.
2. 28 Texas Administrative Code §133.307 sets out the procedures for resolving a medical fee dispute.
3. 28 Texas Administrative Code §141.1 sets out the procedures for requesting and setting a Benefit Review Conference.
4. EOBs submitted with the requestor's dispute indicate the respondent has raised issues of Compensability, Extent, and/or Liability.

Issues

1. Did the requestor file for medical fee dispute resolution in accordance with 28 Texas Administrative Code §133.305 and §133.307?
2. Is the requestor eligible for medical fee dispute resolution under 28 Texas Administrative Code §133.307?

Findings

1. The requestor filed a dispute with the Medical Fee Dispute Resolution section at the Division on October 31, 2007.

According to 28 Texas Administrative Code §133.305(a)(4), a medical fee dispute as a dispute that involves an amount of payment for non-network health care rendered to an injured employee (employee) that has been determined to be medically necessary and appropriate for treatment of that employee's compensable injury. 28 Texas Administrative Code §133.305(b) goes on to state that "If a dispute regarding compensability, extent of injury, liability, or medical necessity exists for the same service for which there is a medical fee dispute, the disputes regarding compensability, extent of injury, liability or medical necessity shall be resolved prior to the submission of a medical fee dispute for the same services in accordance with Labor Code §413.031 and 408.021." 28 Texas Administrative Code §133.307(e) (3) (H) requires that if the carrier has raised a dispute pertaining to compensability, extent of injury, or liability for the claim, the Division shall notify the parties of the review requirements pursuant to §124.2 of this title, and will dismiss the request until those disputes have been resolved by a final decision, inclusive of all appeals. The appropriate dispute process for unresolved issues of compensability, extent and/or liability requires filing for a Benefit Review Conference pursuant to 28 Texas Administrative Code §141.1 prior to requesting medical fee dispute resolution. No documentation was submitted to support that the issue(s) of compensability, extent and/or liability have been resolved as of the undersigned date.

2. The requestor has failed to support that the disputed services are eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.307.

Conclusion

For the reasons stated above, the requestor has failed to establish that the respondent's denial of payment reasons concerning liability for the injured employee's workers' compensation claim, compensability of that claim, and/or extent-of-injury issues with that claim have been resolved through the required dispute resolution process as set forth in Texas Labor Code Chapter 410 prior to the submission of a medical fee dispute request for the same services. Therefore, medical fee dispute resolution staff has no authority to consider and/or order any payment in this medical fee dispute. As a result, no amount is ordered.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the services in dispute.
